

Michael Dabrock

GenAI Architect • Multi-Agent Systems • Fractional AI Advisor

Barcelona, Spain | michael.dabrock@gmx.es | +34 683 178 248 | linkedin.com/in/michaeldabrock

PROFESSIONAL SUMMARY

GenAI Architect and Full-Stack AI Developer with 25+ years of international IT leadership — from Fortune 500 program delivery (€20M P&L) to hands-on LLM engineering in production. Co-Founder of a live AI-powered SaaS platform operated by a 14-agent autonomous AI organization, combining TOGAF enterprise architecture with modern multi-agent systems, RAG pipelines, voice AI and GDPR-compliant LLM infrastructure.

CORE STRENGTHS

Multi-Agent AI Orchestration · RAG & Vector Search · Voice & Conversational AI · OCR & Multimodal AI · Enterprise AI Architecture · GDPR-Compliant LLM Deployments · AI SaaS Product Development · Global Delivery Leadership

AI TECHNOLOGY STACK

LLMs & Orchestration: Claude Code/Cowork, GPT-4o, Gemini, Mistral, Llama, Qwen, Grok, Paperclip Orchestration

RAG & Search: LangChain, pgvector, ChromaDB, Elasticsearch, BM25 Hybrid Search, PromptFoo

ML & AI Engineering: PyTorch, scikit-learn, Transformers, Fine-Tuning, Embeddings, Classification Models

Multimodal & Voice: Claude Vision, Qwen2.5-VL, Mistral OCR, Whisper, ElevenLabs, Flux, DALL-E

Infrastructure & Cloud: FastAPI, Docker, Redis, nginx, Cloudflare, Sentry, Modal.com, AWS, GCP, Hetzner, Railway

Frontend & Mobile: React 19, Next.js 15, TypeScript, Tailwind CSS, Flutter, Stripe, Puppeteer

PROFESSIONAL EXPERIENCE

Co-Founder & AI Architect

ImportCanariasFácil | February 2026 – Present

- Designed and launched a fully autonomous AI-powered SaaS platform automating H7 customs declarations
- Designed and executed Go-To-Market strategy for the self-service platform including multilingual ad campaigns (Google Ads, Meta), SEO, GEO and server-side conversion tracking across different markets
- Architected a 14-agent autonomous AI organization covering customer support, forum moderation, billing management, service health monitoring and QA testing — orchestrated via Paperclip with Claude Opus as CEO agent, Sonnet as Tech Lead, Grok for real-time news processing and Mistral for GDPR-compliant document handling
- Built multilingual OCR pipelines for customs processing and integrated PDF export and Stripe billing
- Implemented GDPR-compliant architecture with monitoring, Sentry alerting, and resilient activity logging
- Developed full AI testing stack with PromptFoo evaluations, pytest, Vitest, and Puppeteer E2E suites

Fractional GenAI Architect & Consultant (Part-Time / Remote)

2023 – Present

- Developed AI-powered lead generation and scoring platforms
- Delivered GenAI solutions for various clients: enterprise chatbots, voice agents (ElevenLabs, Whisper), OCR pipelines and AI-powered web applications
- GEO (Generative Engine Optimization): client ranks #1 across major LLMs (ChatGPT, Claude, Gemini) for targeted trade queries — achieving top visibility in AI-generated search results

- SEO: achieved top organic rankings through technical optimization, structured data and AI-optimized content architecture
- SEA Consultant on behalf of Google for German SMB clients

Global Program Director

Cognizant Technology Solutions | July 2011 – November 2023

- Managed global transformation programs with budgets up to €20M
- Led organizations of up to 380 consultants across 14+ countries
- Managed Fortune 500 engagements including Mercedes-Benz, Deutsche Telekom, and Allianz

Enterprise Architect / Program Manager

Wipro Limited | January 2008 – June 2011

- Delivered enterprise architecture and transformation initiatives in Europe and South Africa
- Delivered large-scale programs with cross-company teams spanning multiple global system integrators (Big 4, Tier-1 SIs) — responsible for overall delivery, governance and stakeholder alignment

Senior IT Architect / Principal Consultant

IBM / PwC Consulting | October 2002 – December 2007

- Designed SOA and ESB integration architectures for Deutsche Telekom and Deutsche Post
- Built up onshore/offshore delivery teams in Bangalore for European client engagements

EDUCATION & CERTIFICATIONS

- Master of Industrial Engineering — KIT Karlsruhe
- TOGAF 9 Certified Enterprise Architect (Open Group)
- Stanford Advanced Program Management
- IBM Certified Senior Architect
- IBM Certified Consultant
